

Certificate

Indoor Air Comfort Gold

Loose Lay Tiles

Certified Product

James Halstead PLC

Applicant

The above product complies with the Indoor Air Comfort Gold specifications, version 8.0 (2022). These include both inspection of factory production and VOC emissions testing according to EN 16516, at regular intervals. Indoor Air Comfort Gold combines all key European and selected global requirements on VOC product emissions. Additional requirements not related to VOC product emissions, for example content of certain substances or odour are not combined or evaluated. The following VOC emission requirements are combined and the certified product shows compliance with these VOC emission related limit values:

- Belgian VOC regulation
- France VOC class A+
- Germany (AgBB/ABG)
- Italian CAM Edilizia
- EU Taxonomy Regulation
- LEED (ACP)
- BREEAM New Construction
- WELL Building
- DGNB
- SKA Rating
- French HQE certification
- Blue Angel DE-UZ 120
- Austrian Ecolabel UZ 42
- Austrian Baubook
- M1
- Danish Indoor Climate Label (Emission Class 1)
- BVB (Sweden)
- Miljöbyggnad (Sweden)
- Nordic Swan
- Eco Product Norway
- Cradle to Cradle
- very low emitting products according to EN 16798-1
- Singapore Green Label
- Global GreenTag

Issue date: 29 August 2022

Product type: Resilient floorings

Validity date: 29 August 2027

Certificate number: IACG-386-110-01-2022

This certificate is valid as specified if regular surveillance and testing is done.

Product Testing

Appendix to Certificate IACG-386-110-01-2022

James Halstead PLC

receives the Indoor Air Comfort Gold certificate with validity 29 August 2027

for below product group, including subgroups and individual products as listed:

Product group: Loose Lay Tiles

Product type: Resilient floorings

Products included:

Expona Encore Rigid Loc
Camaro Rigid Core Loc

The products in this group are based on identical or similar recipe and are produced under equivalent conditions. Grouping of the products and inspection of the production process is part of the Indoor Air Comfort Gold certification. A worst-case product, which is representative for the whole group, is being tested frequently.
